

DBC-AI20

Smart Vision AI Camera

Multifunction camera with artificial intelligence

WEITERE INFOS

Features:

- 1080p HD image resolution
- Use of embedded AI technologie
- Intelligente detection of persons
- Easy configuration via web interface (CBC-AI20)
- Individual detection range up to 12m
- Audio output via warning signal
- IP69K protection
- Voltage range 10 – 32 Vdc
- Various viewing angles available

Accessories:

- Calibration tool (CBC-AI20)
- RS232 adapter
- CAN adapter

Technische Änderungen und Irrtümer vorbehalten.

DBC-AI20

Smart Vision AI Camera

Multifunction camera with artificial intelligence

Technical data:

- Viewing angle 140° (optional 52° / 170° available)
- Video output AHD
- Image resolution 2 MP (1080p)
- Frame rate 25 / 30 FPS
- IP69K Protection
- Voltage range 10 – 32 Vdc
- Audio output for warning signal
- Optional interfaces for CAN, RS232, RTSP
- Power consumption <2,5 W
- Operating temperature -40°C bis +85°C
- Storage temperature -40°C bis +105°C
